Technologies: WordPress Elementor • Responsive Web Design

Brooklyn Candle Studio -Training Project | Webskitters Academy (Webskitters Technology Solutions Private Limited) Tenure: 2026-02-11 - 2026-07-14

Developed a multi-page frontend website inspired by Brooklyn Candle Studio using HTML5, Tailwind CSS, and JavaScript. The project includes six fully responsive pages such as Home, Shop, Cart, and other essential pages, designed to work smoothly on mobile, tablet, and desktop devices. It features interactive hover effects, a modern layout, user-friendly interface and structured navigation. This project helped me strengthen my frontend development skills, improve my understanding of responsive design, and gain practical experience working with Tailwind CSS and JavaScript.
